

STUNNING RESULTS

PREMIER MANUFACTURER AND DISTRIBUTOR OF STAINLESS STEEL CABLE AND ALUMINIUM RAILING, BALCONY AND SUNSHADE SYSTEMS

THE AS&D DIFFERENCE

24-HOUR QUOTE TURNAROUND

Years of construction experience means your designs and quotes are completed quickly and accurately.

1-5 DAY LEAD TIME

Will-call available at our Washington and Oregon locations.

Note: Fabricated items may result in extended delivery times.

EXCEPTIONAL CUSTOMER SERVICE

Our Technical Team is extensively trained and can offer real-life job experience and advice.

ALUMINUM ADVANTAGE

Strong, durable, easy field fabrication, virtually maintenance free; no rust, splits, cracks or annual re-painting.

MADE IN AMERICA

NATIONWIDE DISTRIBUTION

American Structures and Design manufactures and distributes high-performance solutions for both residential and commercial applications, including: aluminum railing, balcony, and sunshade systems, stainless steel cable, and patio covers.

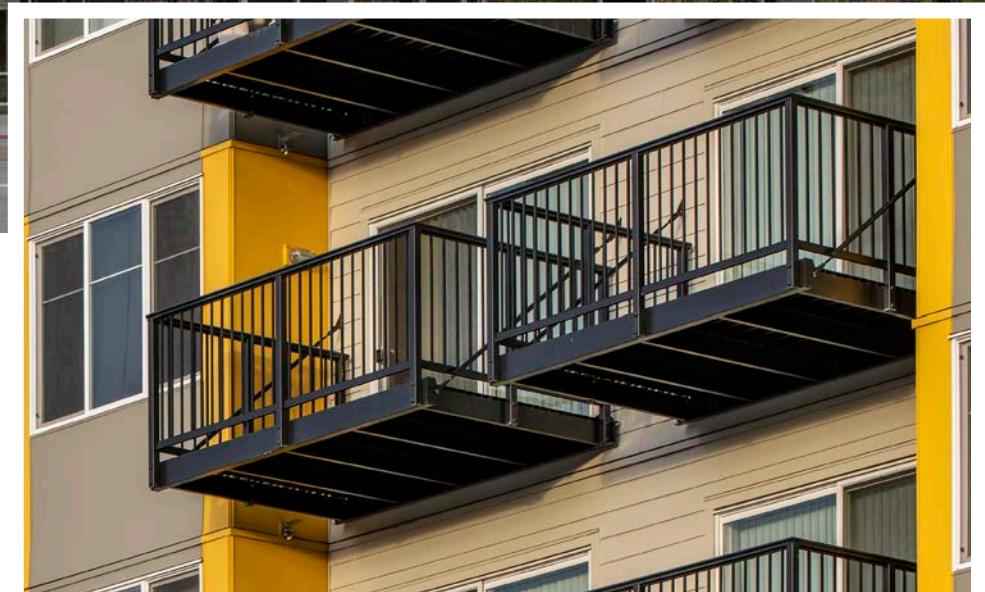

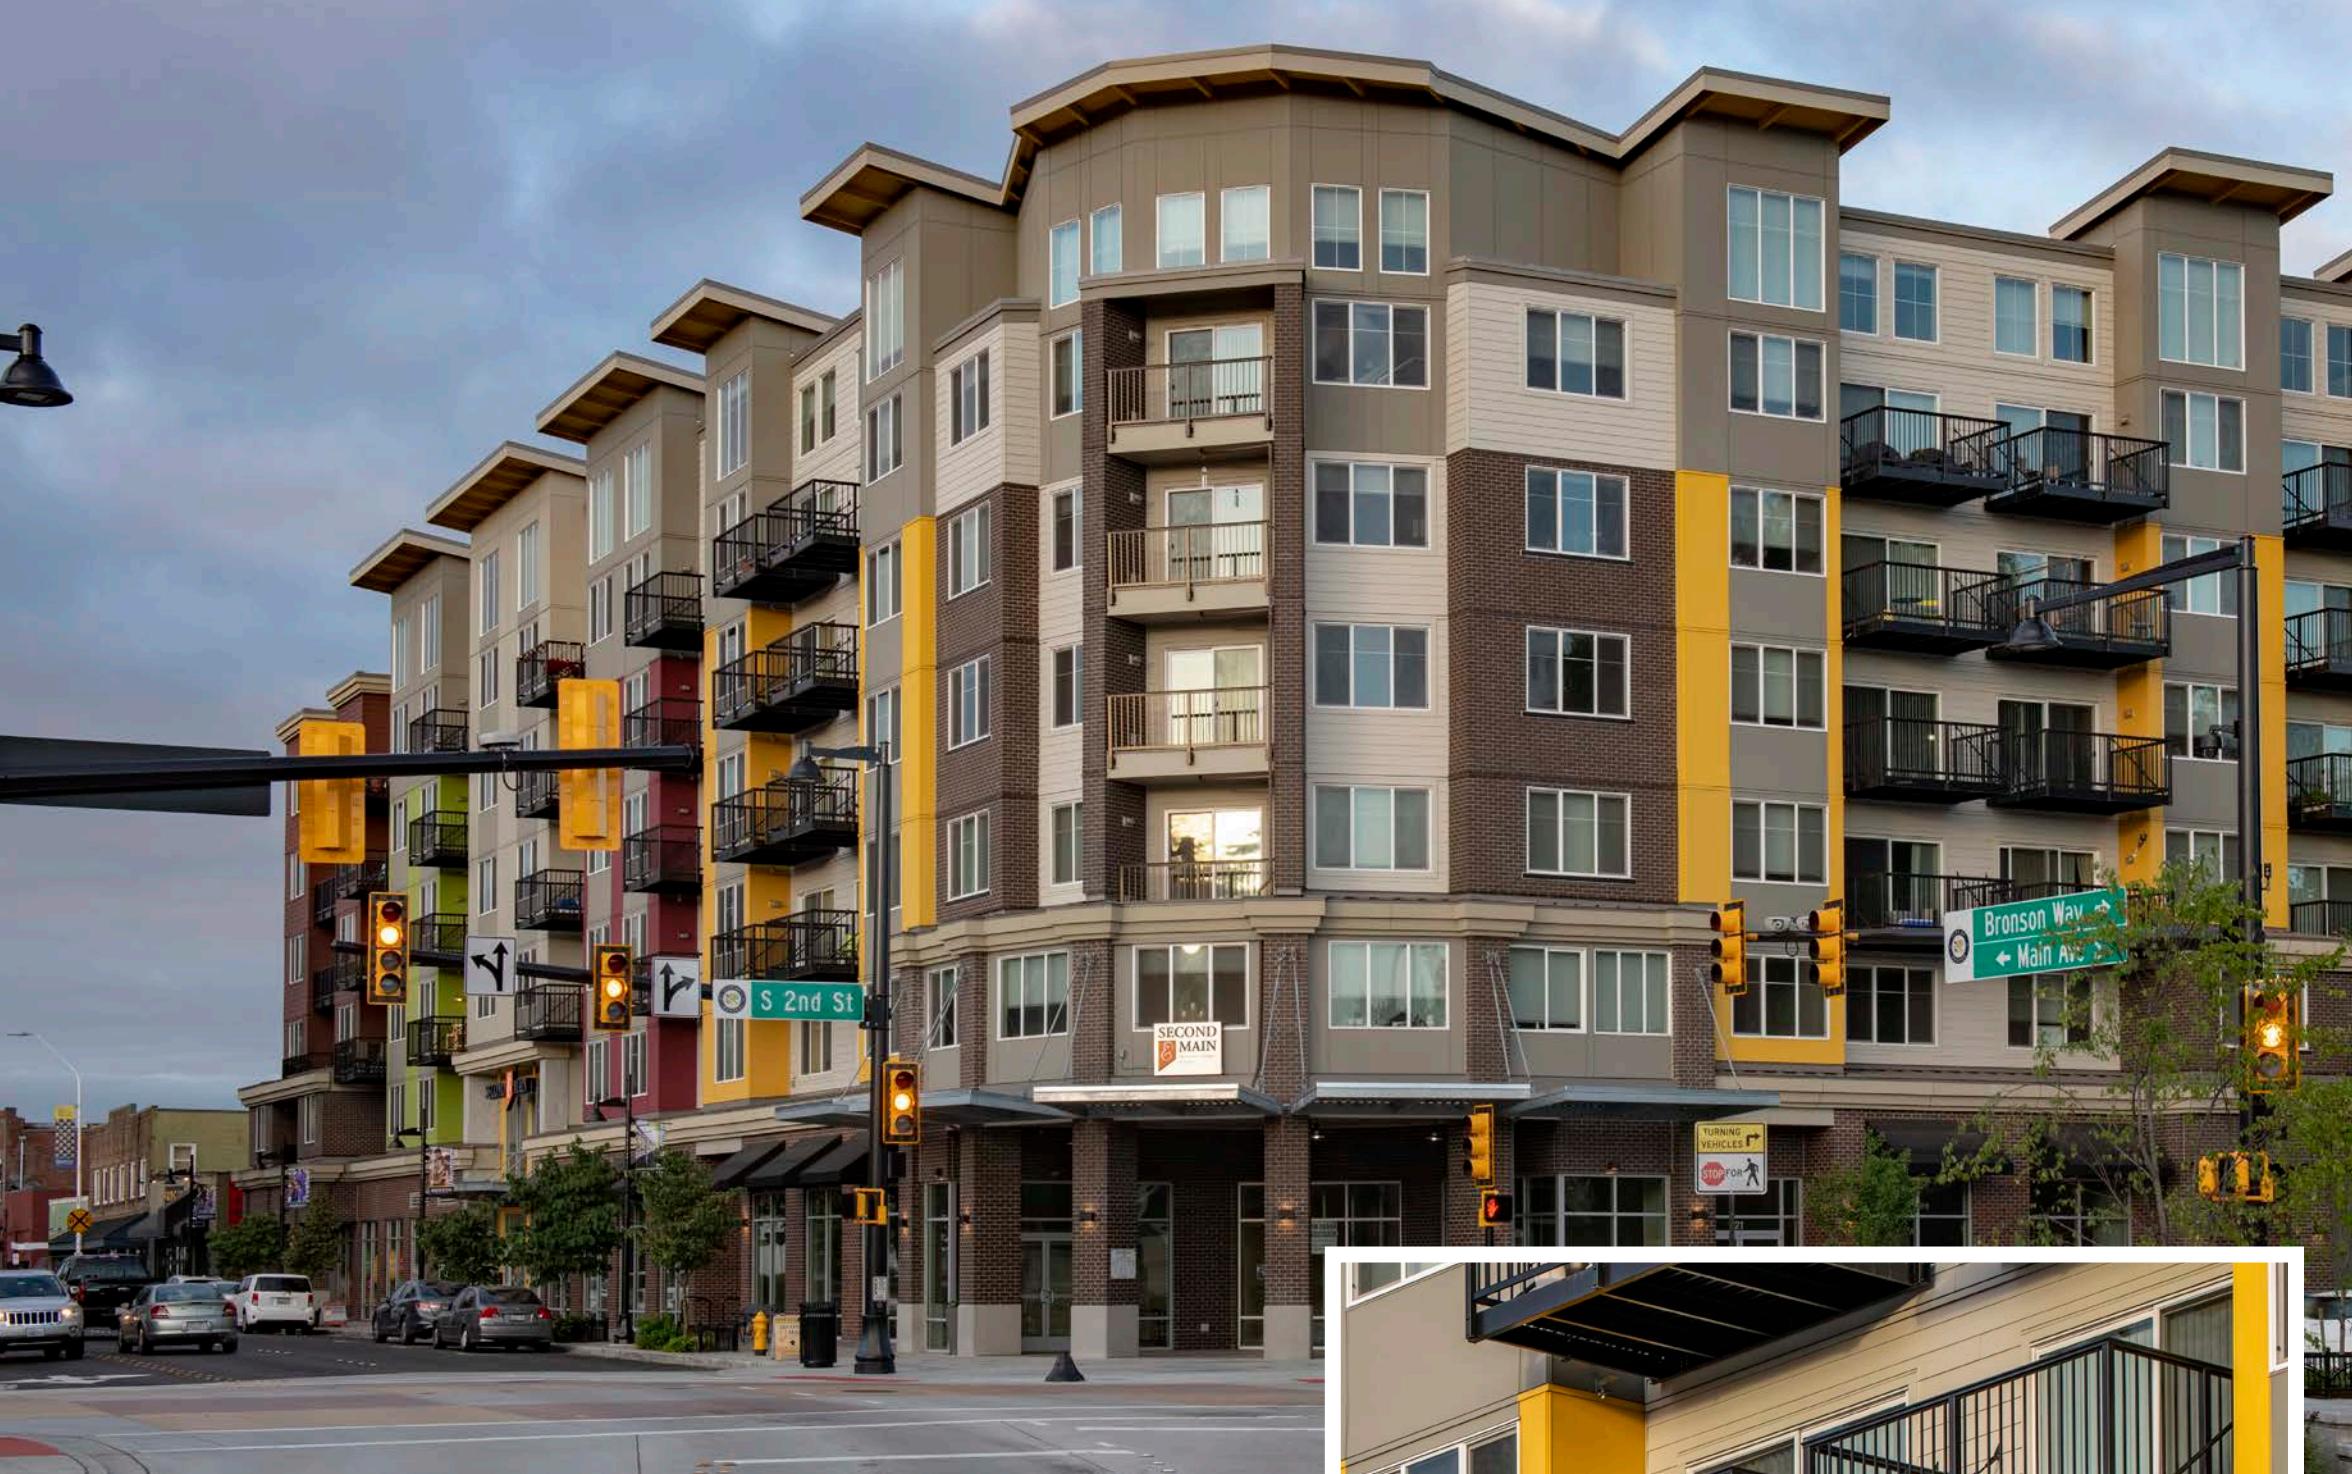

The versatile lines of pre-fabricated systems allow quick and efficient installation to your as-built conditions, eliminating costly measuring errors and offering minimal user maintenance for the life of the structure.

WHY AS&D

The AS&D team offers you years of field construction experience and expert design assistance ensuring quotes are accurate and completed on-time.

With America facing a skilled labor shortage, saving time on the job is vital. AS&D aluminum products are easy to handle and assemble and can be modified onsite with common hand tools—helping to keep your schedule on track.

OUR PRODUCTS

TWO LOCATIONS TO SERVE YOU

With locations in both Pacific Washington and Portland Oregon, American Structures now serves two markets with the same level of expertise and craftsmanship. Both locations offer will-call product pick-up and in-house displays of our aluminum railings, infill options and mounting systems. Highly trained in-house estimators are available to answer your technical questions.
