Install Aluminum Rails and Patio Covers Year-Round

With Autumn approaching, the weather is starting to cool down, but what does that mean for your customer's outdoor projects?

When you work with us, you'll be provided environmentally friendly aluminum products that are durable, lightweight, and strong that withstand extreme weather conditions. Aluminum **does not** rot, swell, twist, or crack. Not only does this reduce homeowner maintenance and worry, but this means that you, the contractor, can install throughout the year.

Try our Square Top TR600

Looking to spice up your next railing project? Consider using different top rails for your next customer's deck or stairwell. Our Square Top TR600 accents well with our popular Flat Top TR200 and Add-A-Top TR400. Choosing a combination of similar top rails maintains a consistent and distinctive look for your customer's home.

Aluminum Patio Covers - Strength, Stability, and Unmatched Protection

Are your customers looking for a patio cover system that is beautiful and durable? All of our patio covers are designed with an aluminum framework with a built-in gutter system that meets both US and Canadian building codes. We also have the best spans in the industry. This system can be applied to many outdoor living spaces such as car ports, hot tubs, decks, and more.

Check out our [website](#) for more information and [call](#) us today for a quote!

We want to highlight your patio cover project!

Have you recently finished a patio cover project with our products, or will you be starting one soon? We would love to feature you and your company on our social media and in an upcoming newsletter.

If you have a beautiful location and design, please contact our **Marketing Coordinator** and we'll come out to the jobsite to photograph and video your project.

AS&D is closed Monday, September 6

The only thing better than a long weekend is the short work week that

LABOR DAY

follows it.

Every professional deserves a day without any stress. Take the weekend to celebrate you because you deserve it. Thank you for your hard work, grit, and dedication.
