

ALUMINUM RAILINGS

Add-A-Top TR400 with cable infill

Flat Top TR200 with glass infill

AMERICAN STRUCTURES & DESIGN

Whatever your project demands, AS&D aluminum railings are:

- Lightweight
- Easy-to-handle
- Manufactured in America
- LEED qualified
- Durable
- Environmentally sustainable
- Maintenance-free

STRENGTH MEETS CURB APPEAL

- Partial factory fabrication, allowing quick and efficient installation to your as-built conditions, eliminating costly measurement errors
- Easily shipped as components, saving thousands on freight costs
- Lightweight aluminum design, while still retaining exceptional durability
- Does not rust, rot, swell, warp, twist, split, or crack — requiring little to no user maintenance

RESIDENTIAL AND COMMERCIAL APPLICATIONS

AS&D Railing Systems offer versatile solutions for:

- Balconies
- Decks
- Terraces
- Stairs
- Windbreaks
- Privacy screens
- Swimming pool protection

MULTIPLE DESIGN OPTIONS

Top Rail options:

- Round Top TR100
- Flat Top TR200
- Add-A-Top TR400
- Square Top TR600
- Elliptical Top TR999

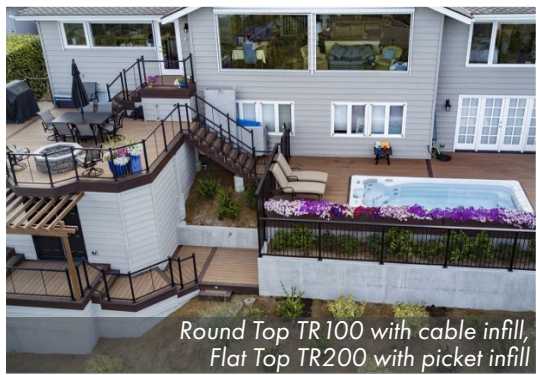

Infill options:

- Glass
- Picket
- Cable
- Perforated/Mesh

UNIQUE
CUSTOM DESIGN
EXTRUSIONS*

- Tailor-made railing profiles
- Custom extrusions per your specific design requirements
- Expert customer service guiding you through the design process
- 100% customer satisfaction before the final production run

* Minimum quantities, die and design fees may apply
