

RAILING SYSTEM CATALOG

Sleek | Modern | Low Maintenance

ABOUT AMERICAN STRUCTURES & DESIGN

AS&D is a premier US-based designer, manufacturer, and nationwide distributor of aluminum railing, balcony, sunshade, and patio cover systems.

WHO WE SERVE

We are proud to serve dealers, professional fabricators, and installers across North America. For customers that are based in the Pacific Northwest, we offer will-call in our Portland, Oregon and Sumner, Washington facilities.

UNRIVALED CUSTOMER SERVICE

As a family-owned manufacturer, we prioritize you and your company to reduce installation challenges so you can focus on bringing your customers' visions to life. Our experienced customer service team will assist you with takeoffs and line drawings, ensuring accurate designs and material orders. At AS&D, we're more than happy to assist you and your company each step of the way. There's nothing better than working and completing a project together.

OWNER AND HOMEOWNER BENEFITS

- Sleek and modern
- Durable
- Low maintenance
- Affordable
- Multiple infill options
- Various color choices

Commercial and residential applications

BUILDER BENEFITS

- Lightweight
- Easy to install
- Lower labor costs
- Simplified installation
- Affordable

ALUMINUM VS. TRADITIONAL STEEL

Ideal for both commercial and residential projects: aluminum is lightweight, strong, durable, and offers superior corrosion resistance. Virtually maintenance-free aluminum does not rust, rot, swell, or split, reducing cost of ownership.

AS&D Aluminum Railing System

Traditional Steel

MEET YOUR RAILING SYSTEM

Railing systems offer a host of design options. Getting to know the basic layout and component vocabulary can help you make choices together with your local representative.

A MAXIMUM ADJUSTABILITY

Bracket

The robust stainless steel bracket offers double friction technology, is fully adjustable for both tempered and laminated glass, allowing for maximum glass panel widths.

Fascia

Brackets can be concealed with either wood or two-part interlocking aluminum fascia. Aluminum fascia can be powder coated.

Lighting System

A multi-part lighting system composed of a cable tray and minimalistic puck lights, creates a captivating night time visual display.

GLASS SECURITY OPTIONS: Top Rail or H-Clamp

Top Rail

The clean stainless steel top rail ensures a secure connection between glass panels and is an alternative to the H-Clamp.

H-Clamp

The sleek H-Clamp ensures a secure connection between glass panels and can be installed as an alternative to top rail.
