

AS&D Payment Policies

As a convenience to our customers, we accept payments via Discover, VISA, MasterCard, and American Express. A 3% processing fee will be applied for all credit card transactions.

We require all orders to be paid in full before they are scheduled for production.

We accept payment via cash and check. No third party checks will be accepted. If prepaying via check, orders will be released for will-call or shipment after the check clears.

For customers with good credit history, we offer Net 30 terms upon approval of a completed credit application. Please note that interest is charged to all customers on invoices not paid within the Net 30 terms at the rate of 2% per month, or subject to a charge of \$5.00, whichever is greater. Accounts that have exceeded the established credit limit and/or that are past due will be placed on hold, pending payment. We will continue to provide quotes, takeoffs and sales orders as requested to prevent any possible delays in production, however we will not release material for will-call or shipment while the account is on hold.

Please contact your sales representative for a credit application.
