## Specifying Made Convenient

The AS&D website now offers CSI 3-part for commercial, multi-family, and residential construction projects. Our specs help simplify the task of specifying AS&D balcony, railing, and cable for architects, designers, and specifiers. Specs are available for download in both PDF and MS Word for easy editing.

# Project Spotlight: The Springs at Lake Oswego, OR

The condos at The Springs at Lake Oswego are accented with AS&D's low maintenance aluminum **balcony systems** and **railings**. AS&D also supplied custom sag rod brackets to meet the slanted wall conditions.

AS&D is continuously innovating new ways to make larger and more advanced balconies to meet today's dynamic building requirements.
