

## New Building Transition for AS&D in May

During the month of May, we will begin transitioning to our new 75,000 sq. ft. facility in Sumner, WA, just one mile from our Pacific, WA location. The warehouse is 3x bigger, allowing us to increase our inventory, especially for large products like patio covers.

### **Increased Will-Call**

With multiple loading bays at the warehouse, will-call capacity will be faster and more convenient.

### **Planning for the Future**

The new facility sets the stage for future growth in multiple areas such as product enhancements, new products, and enhanced services.

**PLEASE call BEFORE your WILL-CALL pick-up so you know which location has your will-call order. Avoid confusion and frustration - Give us a Call!**  
**253-833-4343**

Sumner office facilities

Multiple loading bays at the warehouse make will-call quick and easy

## Project Spotlight: Block 20

Perfectly situated on Block 20 at The Waterfront Vancouver, in Vancouver, WA, the Columbia building boasts seven stories and 248 units. 161 of those units were outfitted with American Structures and Design (AS&D) standard balconies and 70 units are accented with AS&D Juliet balconies.

Both balcony systems used **AS&D Flat Top TR200 railings** along with cable infill and fascia mount posts, giving secure protection without disrupting the lovely riverside view.
